

How to connect to Project-Genesis Online Events

The ideal devices to log in are:

- A computer with a microphone and camera (most laptops have this preinstalled)
- A tablet, such as an iPad, which also has audio/video capabilities
- A smartphone

Go to Project Genesis website: www.project-genesis.org

Click on the banner saying **Click here to Join an online meeting** (see arrow in image below):

Once you click on the banner, if you have never used **Zoom** before you will be prompted to download the Zoom software – a very quick process – and then you can enter the virtual meeting space. The bottom of the screen also gives you the option to mute your microphone or turn off your camera if you choose.

Project Genesis is inviting you to a scheduled Zoom meeting.
